## High-quality health plans

- **HMO plans** deliver great value, **POS plans** give you choices, and **HSA-qualified plans** offer more control.
- **Telehealth services** are provided by Teladoc<sup>®</sup> for a \$45 fee. Services are subject to your plan's deductible, coinsurance, and out-of-pocket maximum.
- **\$0 preventive care** includes 100% coverage for preventive services when performed by a participating provider. (Preventive care services include routine exams, screenings, immunizations, and other services ranked A or B by the U.S. Preventive Services Task Force.)

<sup>1</sup>Family deductibles and out-of-pocket limits are 2x the individual amounts.

<sup>2</sup>Plan includes 3 FREE PCP visits per year.

<sup>3</sup>Catastrophic is only available to people under age 30 or who qualify for a hardship exemption from the Federally Facilitated Marketplace.

<sup>4</sup>Services performed out of network under the POS plan options are subject to the out-of-network deductible and coinsurance. Out-of-network services are not covered under HMO plan options, except in emergency situations. See policy for details.

## You have choices to fit your budget

You and your family want high-quality health insurance to protect your pocketbook. That's why all of our health plans give you full access to in-network health care providers and allow you to see in-network specialists without a referral. Some services will require review and prior authorization. Take a look at our plan designs on the previous page and see which one best fits your health needs and budget.

## HSA-qualified plans can help you save money

If you want more control over your health care expenses, take a look at one of our high-deductible health plans (HDHPs). These plans add a tax-favored, personal health savings account (HSA) you own and control. The tax-free money you put into your HSA can be used to pay for qualified health care expenses.
