With our Medicare supplement insurance, peace of mind is part of the plan

Only the luckiest of us get to age without ever worrying about our health, medical costs, and the stress of managing it all. No one knows what the future holds. Preparing for life on a fixed income can be challenging, much less trying to predict and budget for your future health care needs.

It's important to know that Original Medicare doesn't pay for everything. With Original Medicare, there is no out-of-pocket maximum for deductibles, copays, and coinsurance. If you need health care, those costs can add up quickly. Medicare supplement insurance helps cover the costs Original Medicare leaves behind.

Our Medicare supplement insurance plans:

- **Work with Medicare**—If Medicare pays for a service, we cover it.
- **Are guaranteed renewable**—Keep your policy for life, as long as premiums are paid.
- **Have no networks**—You're free to see any provider, anywhere in the U.S., that accepts Medicare.
- **Offer live, U.S.-based customer support**—You'll speak with a friendly, knowledgeable, licensed representative who is trained to help get you the answers you need.

When you purchase one of our Medicare supplement insurance plans, it doesn't mean you'll never face challenges or hard times. Instead, it means you'll have more peace of mind when those times come. We've been serving seniors for more than 60 years, and we'll be there for you, too.

Opportunities for connection

It's important to maintain social connections, especially as we age. We offer our Medicare supplement insurance customers options for connecting with us and each other. Our groups and programs educate, inform, and foster a sense of connection and well-being.

WPS Medicare Solutions Group on Facebook

Our private Facebook group offers ways for seniors to connect with each other, learn more about Medicare options, and find tips for healthy living.

Members can also explore helpful tools like enrollment checklists and “how-to” videos. We curate all the content ourselves and don't allow any sales pitches or spam posts.

This group is open to anyone approaching or at Medicare age. **You don't need to be a current customer to join.** To find the group, search “WPS Medicare Solutions” on Facebook and click the “Join group” button.

Pen Pal Program

Writing letters can be a fun way to maintain relationships and create new social connections. Sharing stories and receiving mail from someone who cares about you can add joy to your life. Besides, who doesn't enjoy receiving a letter or card in the mail?

The Pen Pal Program is another special perk available to our Medicare supplement insurance customers. We connect customers who express interest in the program to one of our employees they can correspond with. We send new pen pals a welcome kit to help them get started. Then, participants get to know their pen pal at their own pace.

Limitations and exclusion

No insurance policy covers everything. Here's a list of things our Medicare supplements do not cover:

- A. Expenses you incur while your policy is not in force, except as provided in the Extension of Benefits section of the Medicare supplement policy.
- B. That portion of any expense you incur which is paid for by Medicare.
- C. Non-Medicare-eligible expenses, including routine exams, take-home drugs, and eye refractions.
- D. Services for which a charge is not normally made in the absence of insurance.
- E. Medically necessary skilled care services and medical supplies for home health care covered under Medicare.

Initial period of coverage and renewal periods

Our policies' initial period of coverage and renewal periods of coverage are equivalent to the mode of premium payment you select (i.e., quarterly, semiannual, annual); however, if you choose a monthly mode of payment, your initial period of coverage and renewal period will be quarterly, provided you pay premium for all three months. Our policies also provide for midterm cancellation at your request and that, if you cancel your policy midterm or the policy terminates midterm because of your death, WPS shall issue a pro rata refund to you or to your estate.

Cancellation and termination

Your policy may be revised to comply with federal or state law. This policy cannot be canceled or non-renewed solely on the grounds of deterioration of health. As long as you pay your premium on time, your plan is guaranteed renewable for life. WPS will not cancel nor non-renew your policy for any reason other than nonpayment of premium or material misrepresentation on your application. Of course, you can end your policy at any time by writing to us. No refusal of renewal will affect an existing valid claim for Medicare-approved expenses covered under this policy and incurred prior to the date on which this policy ends.

Preexisting conditions limitation

You are not covered for preexisting conditions until after a six-month waiting period. A preexisting condition is a disease or a physical condition for which: (1) medical advice was given from a physician within six months prior to your effective date; or (2) treatment was recommended or received from a physician within six months prior to your effective date. If the cause of the condition was earlier but the condition started after the effective date, you are covered right away.

However, you will not have a waiting period for preexisting conditions if on the day preceding your effective date under this policy, you had a continuous period of creditable coverage of at least six months. If your continuous period of creditable coverage was less than six months, WPS will shorten the six-month waiting period by the time served under the prior coverage.

If the existence of a health condition was specifically disclosed in the application for this policy in reply to questions therein, and EPIC did not exclude the condition under the policy by name or specific description on the date of loss, a waiting period will not apply to the health condition.

Vision and hearing programs for a healthy edge

Being able to see and hear well can help make it easier to enjoy your favorite activities and time with your favorite people. Unfortunately, routine hearing and vision care is not currently covered by Original Medicare, and hearing aids and eyeglasses can be expensive. We offer programs that can help make hearing and vision care more affordable. The Hearing Care Solutions and EyeMed programs are available to all our Medicare supplement insurance customers.¹

¹Vision and hearing programs are not insurance, are not part of the insurance policy, and can be changed or discontinued at any time. Vision program is administered by EyeMed Vision Care, LLC. Hearing program is administered by Hearing Care Solutions, Inc.

EyeMed Vision Care Program

All our Medicare supplement insurance plan customers receive

access to the EyeMed Vision Care program at no additional cost.² EyeMed offers substantial savings on eyewear at thousands of provider locations nationwide.
