## You have choices to fit your budget

You and your family want high-quality health insurance to help protect your pocketbook. That's why all of our health plans give you full access to in-network health care providers and allow you to see in-network specialists without a referral. Some services will require review and prior authorization. Take a look at our plan designs on the previous page and see which one best fits your health needs and budget.

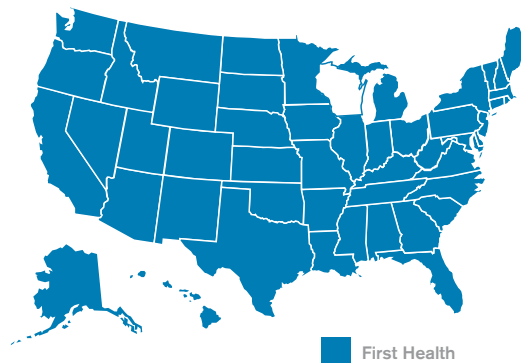

## HSA-qualified plans can help you save money

If you want more control over your health care expenses, take a look at one of our high-deductible health plans (HDHPs). These plans allow you to contribute to a tax-favored, personal Health Savings Account (HSA). The tax-free money you put into your HSA can be used to pay for qualified health care expenses.

*HSA's are administered and/or maintained by a participating financial institution. WPS Health Plan does not operate or administer HSA's.*
