

WPS ASO

Partnership Overview

Tailored Solutions. Powerful Results.

For every client's unique needs to manage member health and lower costs

Two powerful Wisconsin companies, WPS and Auxiant, are teaming up to bring top-tier Administrative Services Only (ASO) services to the employee benefits marketplace. This partnership combines WPS' deep expertise in health insurance and unparalleled service with Auxiant's flexible systems and approach to third-party health administration to deliver a dynamic new offering that includes:

- » Tailored solutions to fit any employer's needs
- » Cutting-edge cost and care management options that offer cost-effective, high-quality care
- » Progressive innovation to stay ahead of the trends
- » Superior customer service that is second to none

Frequently asked questions to help you make sales

» What Is WPS powered by Auxiant?

WPS Powered by Auxiant is a strategic partnership where both organizations add their strengths to create a joint product offering for the self-funded market. We believe that, working together, we are jointly positioned to provide a more comprehensive solution that self-funded employers need.

» When does the partnership begin?

WPS Powered by Auxiant is available now for employers with more than 50 covered employees. Proposals can be requested through your WPS Account Executive.

» What if I have an employer with fewer than 50 employees that is looking for a self-funded plan?

WPS will continue to offer its Freedom Essentials plan for employers with 10–49 employees.

» How do I request a proposal?

A proposal can be requested through your WPS Account Executive.

» If a group is currently covered by a WPS ASO plan, how will it be impacted?

For employers with more than 50 covered lives, their WPS Account Executive will be reaching out to discuss options. Employers will not see any changes until their renewal. Employers with fewer than 50 covered employees will not see any immediate change.

» If a group is currently covered by an Auxiant ASO plan, how will it be impacted?

Existing Auxiant business will not be affected at this time, but will be able to move to the new product at some point this year.
