

Introducing The WPS Smarter Choices Plan

Putting the future of health care in the hands of employers and members

Greater choice and lower costs for fully insured large groups

We're excited to bring fully insured employers a competitively priced plan that takes advantage of some of our most successful self-funded solutions. We are now offering the WPS Smarter Choices Plan featuring The Alliance's Smarter NetworksSM, which offers employers the opportunity for cost savings while encouraging members to take charge of their health care. Because multi-tiered plans can be complex, our team is going to be prepared to provide members with education and support to make the best decision for their care.

Plan highlights

- » **A tiered provider network** that incentivizes members to select preferred-value providers
- » **A unique approach** to onboarding that includes an engagement model for member education and ongoing support
- » **Customer service support** that allows members to receive education and information in a way that works best for them—either talking to a live customer service representative or using the online self-service tool
- » **Actionable reporting** proving the value of the plan while identifying other potential opportunities
- » **This plan is available** in these Wisconsin counties:

Barron	Eau Claire	Rusk
Chippewa	Marathon	Sauk
Clark	Oneida	Sawyer
Columbia	Portage	Taylor
Dane	Price	Wood
Dodge	Rock	

Tiered benefit levels

Tier	Deductible and Coinsurance	Providers
Tier 1	\$0 as low as	Preferred-Value Providers
Tier 2	\$	The Alliance Premier Network Ruby
Tier 3	\$\$	The Alliance Comprehensive and WPS Statewide networks; First Health out-of-state wrap
Tier 4	\$\$\$	Out-of-network providers
